

The Kamer van Koophandel celebrates 75 years with a 5 KM “Fun Walk”

In celebration of their Diamond Anniversary, The Aruba Chamber of Commerce invited the public to enjoy a healthy pastime, a fun run/walk from the parking lot of their building on Irawasquin Blvd at sunset, on Saturday evening. Four hundred and forty fitness-minded individuals ran or walked along the coastline as the sun dipped below the horizon. Many came as teams in military dress, or sparkling with spangles, or, like fourth place winner Jairo Winterdaal, joined by his infant son Jason, managed to involve the family, no matter how small. Despite pushing along his young son, he did a respectable showing coming in after first place winner Joel Maduro and second place Juni Rasmijn.

Organized by Idefre, the fun run/walk also provided pink ribbons and badges to show support for Breast Cancer Research, and though a short walk, organizers were very pleased with the enthusiastic response.
